## **GENERAL INFORMATION**

The San Francisco Health Service System is the only compulsory system of health insurance for municipal employees in the United States. The system came into being as the result of a Charter amendment passed by the people on March 9, 1937, by a vote of 76,749 to 56,616.

A subsequent Charter amendment in November, 1942 blanketed in to civil service all of the employees of the Health Service System, except the Medical Director, who were employed by the System and had been employed continuously for one year immediately prior to the effective date of the amendment. The amendment was ratified by the State Legislature and became effective on January 11, 1943. The Medical Director is appointed by and holds office at the pleasure of the Health Service Board.

As of January 1, 1946 there were approximately 16,000 members in the Health Service System. The membership is divided into several groups: Employee members, 10,608; Adult dependents, 2448; Minor dependents, 1808; and Retired members, 818. It is compulsory for employees of the City and County of San Francisco and of the San Francisco Unified School District to become members of the System unless granted exemption by the Health Service Board. Membership of the three remaining groups is provided for by the Board.

The current monthly rates for the various individual subscribers are: Employees, \$2.80; Adult dependents, \$2.80 (increases to \$3.50 after 62); Minor dependents, \$1.80; Retired members, \$3.50 (this group has a rate of \$2.80 until the individuals become 62 years of age).

During the year ending September 30, 1945 slightly more than \$500,000 was collected from members of the System for medical care. Ninety (90%) per cent of all the money collected is allocated to the Medical fund and the remaining ten (10%) per cent is allocated to the Administration fund.

On two occasions health insurance authorities from the East have visited San Francisco for the purpose of obtaining information relative to the Health Service System. At the conclusion of their visits the authorities have stated that the Health Service System is one of the best in the United States.

## OFFICE:

Room 305, Civic Auditorium  
61 GROVE STREET  
San Francisco, 2, California

A. S. KEENAN, M. D.  
Medical Director

The Medical Director has submitted to the Health Service Board the following list consisting of physicians, surgeons, specialists and consultants who to date have agreed in writing to treat members of the Health Service System. Many of the doctors are specialists and limit their practice to special fields of medicine; others are consultants only. Any legally qualified Doctor of Medicine whose name does not appear on this list may have his name included by signing the rules and regulations adopted by this Board. If you desire any information on the type or scope of practice of any doctor on the list, phone HEmlock 7100. The names of doctors reported to be on military leave have been temporarily withdrawn from this list.
